Media Asset Plan

Designer Task List — 2026

Prepared: March 2026 · 20 Projects · Confidential

Context

The EDT website currently has **no project media assets**. All 20 project cards on `/work` render as empty dark-blue placeholder boxes, and all 6 full case study pages contain zero images or videos. This document is the complete asset checklist for the designer to produce visuals that will be integrated directly into the live website.

Recommended Dimensions & Formats

ASSET TYPE	DIMENSIONS	FORMAT	NOTES
Thumbnail (work listing card)	1600 × 1000 px	JPG, quality 85	16:10 ratio; displayed at ~640×400 on desktop
Hero / Banner (case study top)	1920 × 1080 px	JPG, quality 85	Full-width cinematic; cropped to 16:9
Gallery — Landscape	1600 × 900 px	JPG, quality 85	Used in image grids and feature sections
Gallery — Portrait	900 × 1200 px	JPG, quality 85	Use sparingly; good for in-space people shots
Gallery — Square	1200 × 1200 px	JPG, quality 85	Good for UI screenshots, app close-ups
Video — Hero / Embed	1920 × 1080 px	MP4 (H.264)	16:9; keep under 30 MB for web
Video — Poster / Thumbnail	1920 × 1080 px	JPG	Static first-frame shown before video plays
OG Image (social sharing)	1200 × 630 px	JPG	One per project; text-safe zone: centre 60%

Export all JPGs at sRGB colour space, progressive encoding. Filenames must be lowercase with hyphens — no spaces, no capitals.

Naming Convention

`/public/images/[project-slug]/[project-slug]_[type]_[##].jpg`

Priority Order for Designer

- 1 — **Thumbnails first:** All 20 projects need _thumb.jpg — this immediately fills the empty /work grid cards
- 2 — **Hero images:** 6 Tier 1 case study pages need _hero.jpg for their banner sections
- 3 — **Gallery images:** 6 Tier 1 case study pages, 3–5 landscape gallery images each
- 4 — **OG images:** 6 Tier 1 projects + 1 default (used for social sharing and link previews)
- 5 — **Videos:** Tier 1 first where available, then Tier 2
